## REFERENCES

ATTN.: To whom it may concern

I, Maria del Carmen Lago-Orcazberro del Rio, employee of Budimex, S.A in Poland, have been attending an individual English course in Britannia Centre for teaching English for five months, due to my future incorporation in Budimex S.A. (Poland) in February of 2003. The course started on 4th September 2002. It has been a very intensive training- 5 teaching hours a day throughout the week. I had two teachers: Regina Raczynska and Agnieszka Kostera Kosterzewska, both of them helped me a lot. I started as a beginner student 5 months ago and now I am able to hold a conversation in English on a variety of topics. Agnieszka taught me grammar, vocabulary and pronunciation. Regina taught me Business English and I had conversation classes with her.

I can strongly recommend Britannia as a very good school of English and Regina Raczynska and Agnieszka Kostera Kosterzewska as very professional teachers.

I am going to continue learning English in the same school and with the same teachers.
